DANIEL W. NOLAN'S BOND IS FORFEITED

Alleged Veterinarian and Manu-
facturer of Hog Remedy Fails to Ap-
pear When Case is Called

HISTORY OF CASE RECALLED

Nolan Left Rush County Some Time
Ago and is Said to be Living in
Canada Now

The final episode in the affairs of
Daniel W. Nolan, an alleged veteri-
narian and manufacturer of hog med-
icine, was written this morning in
the circuit court, when his case was
called for trial, and failing to show
up, the court ordered his bond for-
feited.

The charge against the defendant
was for unlawfully selling drugs
without a license and with adminis-
tering hog cholera serum without a
license. His bond was on record as
\$50.

It will be recalled that last year
the defendant came to this county,
and after he had treated hogs for
several farmers, he was arrested on
grand jury indictments. He blamed
County Agent D. D. Ball with causing
his arrest and with circulating
false reports, and the county agent
was arrested on an affidavit, but was
released when the prosecuting wit-
ness did not appear to push the case.

The case against Nolan was set
for trial today, and had been sched-
uled several weeks, giving the de-
fendant plenty of time to prepare
for trial.

It is generally understood that
after leaving Rush county, he went
to Columbus, Ind., and was there a
short time, and disappeared, when
the word got out that the federal
grand jury was expected to make an
investigation. It is understood here
that he is now living in Canada.

It also will be recalled further
that while he was in Rush county,
he was assisted for a time by J. H.
Kelley, and that Kelley was indicted
on a similar charge, and stood trial
here several weeks ago, receiving a
fine of \$70, which he paid.

The affair involving "Doc" Nolan
became nationwide, as following his
arrest here, newspaper accounts
were received from other states,
where he was alleged to have been
attacked and compelled to seek other
states to try to sell his medicine.

The medicine which was used by
the alleged veterinarian was analyzed
by the Indiana State Board of
chemists, and at the trial of J. H.
Kelley, the chief chemist testified as
to the worthlessness of the stuff as a
hog remedy.

BOY'S STORY PROBED BEFORE THE MAYOR

Sixteen-Year-Old Youth Found Un-
conscious in Gutter Tells of Being
Thrown From Machine

AUTOMOBILE MISSING TODAY

An investigation started this after-
noon before Mayor Thomas in police
court, in which several young men
may be implicated, following the ar-
rest last night of a sixteen-year-old
boy, living in the northeast part of
the city, who was alleged to be in-
toxicated, or seriously ill from some
other source.

The name of the young man was
withheld pending the investigation.
At a late hour last night, the police
were called to the vicinity of Sev-
enth and Arthur streets, and found
the young man unconscious, lying in
the gutter, with facial cuts.

He was removed to his home, and
a physician summoned. According to
the police, the young man stated that
he was riding in a machine "bor-
rowed" from Willard Palmer, and
that his companions threw him off
the machine.

Palmer, owner of the Ford touring
car, reported this morning that his
machine was missing, and no trace
of it had been found today. A con-
fession of the affair was expected to
result from the investigation this af-
ternoon.

SENATE DIVIDED ON THE UNIT BILL

Motion to Postpone School Measure
Indefinitely Wins 23 Votes and
23 are Opposed

ACTION IS OUT OF ORDER

Discovered That Bill Had Not Been
Reported Out of Committee—
Blow at Probation Law

(By United Press)

Indianapolis, Ind., Feb. 16.—Action
in the state senate today showed
an equally divided attitude toward
the county unit bill, which would
abolish the office of township trustee
from the state school system.

A vote taken on a motion by Sen-
ator Lechard, which would indefi-
nitely postpone further consideration
of the measure which was supposed to
have been on second reading, showed
twenty-three ayes and twenty-three
nos.

After several amendments had been
introduced, all the action on the
measure was found to have been out
of order as the bill had not yet been
reported out of the committee.

Consideration of a divided com-
mittee report on the measure was
the special order of business for this
afternoon. One of the amendments
introduced this morning, which was
drawn up by the committee on edu-
cation and makes the adoption of the
system optional with counties, was
bitterly attacked.

The senate highway commission
would have the right of imminent do-
main over land in the construction
and straightening of state highways
under a bill introduced by Represen-
tative Thiel.

A bill introduced by Representa-
tive Post would give property owners
or holders police power to arrest
persons violating the state game
laws on their lands.

A three cent tax on each package
of cigarettes and a one cent tax on
each package of cigarette papers
went a step further toward being a
possibility, when a bill introduced by
Representatives Brown and Peterson
passed second reading in the house.

A bill introduced by the Lake
county delegation in the house of
representatives which would enable
Lake County to establish a junior
college, teaching a two year college
or normal school course, failed when
the house adopted a motion for its
indefinite postponement. Bitter op-
position from Lake county was said
to have developed against the bill
after its adoption.

Children reaching the age of four-
teen and who have finished the eighth
grade in elementary schools would
be permitted to quit school and hold
a certificate that they were regularly
employed, under a bill introduced by
Senator Nichols.

Another blow at the state proba-
tion system was dealt in the house
when a majority committee report
recommending passage of a bill to
reduce the salary of state probation
officer from \$3,000 to \$1,000 a year
was adopted.

REFUSE RIGHT TO RUN ARMED TRAINS

British Deny French Request To
Operate Roads Through Area
Under Their Control

LONDON PARLEY COLLAPSES

Many Districts In Ruhr Reach State
Scarcely Distinguishable From
War Tension Increases

Paris, Feb. 16.—The general strike
of French coal miners which began
today, is serious, it was semi-offi-
cially admitted this afternoon.
Seventy five percent of the mine
workers in the Loire region are out
about twenty per cent in the Nord
and ten per cent elsewhere.

London, Feb. 16.—The latest Fran-
co-British conference add abruptly
today, reportedly in disagreement
with the British refusing France per-
mission to run troop manned trains
through the Cologne area.

Optimism expressed earlier in the
day that M. Lefebvre, French minis-
ter of public works would be success-
ful in his mission was dampened
when the parley apparently collaps-
ed.

The entente survives the break-
down, however, it was authoritatively
indicated. The French will return
to Paris tonight.

Premier Bonar Law, Marquis Cur-
zon and Lord Derby met with Lei-
fobvre and General Payot at 10 Down-
ing street today and the French re-
newed their request for permission
to run coal trains from the Ruhr, with
French guards, through the area held
by the British on the Rhine. It was
said the British regard this as an in-
fringement on their sovereignty in the
occupied area.

Dusseldorf, Feb. 16.—Arrests, res-
trictions and resistance in the Ruhr
multiplied today until districts were
in a state scarcely distinguishable
from that of war.

Conditions were worse at Essen,
where two infantry companies were
sent out to occupy the town hall, and
French soldiers with fixed bayonets
joyfully helped themselves in shops
and restaurants.

The tension increased through-
out the day German nationalists
were reported preparing a demon-
stration against the invaders and the
French took extraordinary precau-
tions fearing a coup.

General Fournier sought to break
French troops by permitting his sol-
diers to break in and take what they
pleased. Poles had a riotous time
in cafes, drinking free beer and
liquor. Officers requisitioned by
force whatever they required.

The same severe conditions visited
upon Essen will probably be imposed
at Dortmund by tomorrow in view of
increased resistance of the popula-
tion thereafter French troops were
partly withdrawn from the city. It
was stated the chief burgomaster
probably would be arrested as a re-
sult of his refusal to obey orders of
General Degoutte.

Hunger is beginning to make itself
felt in several localities and French
soup kitchens are appearing here
and there. Germans are patronizing
these in some instances.

The Wolff agency has a report that
a German rail worker was shot and
killed by a French soldier near the
eastern border of the newly occupied
territory.

The French made numerous arrests
throughout the Ruhr and at Dues-
seldorf threw three jail officials them-
selves into cells for six months sen-
tences and fined them each fifty
thousand marks for refusing to ac-
cept prisoners brought in by troops.

Paris, Feb. 16.—Headquarters of the
Unitary Federation of Miners de-
clared that 100,000 miners have
answered the general strike call and
walked out. Employers declared
that but a small percentage of French
miners are out and that these are
mainly communists. The general
strike order was confirmed at a meet-
ing of the unitary federation, which
represents extremists last night after
some men had already quit work and
delegates left early today for vari-
ous centers of the Loire Basin to
organize allies.

JOINT INSTITUTE PROVES A SUCCESS

Farmers Meeting at Fairview is At-
tended by Large Crowds Despite
Cold Weather

SPEAKERS ARE APPROVED

Serving of Dinner by Young Men is
an Innovation—Playlet is Feature
of the Program

The annual joint farmers' institu-
te for farmers of Union township,
Rush county, and Fairview town-
ship, Fayette county, held at the
Fairview school building Thursday,
was one of the most successful ever
held in that community. The exhib-
its were all large and the program
pleased large audiences at the morn-
ing and afternoon programs. The cold
weather did not cut the attendance
to any extent.

P. T. Bilby of Falmouth was elec-
ted president at the closing session
yesterday afternoon. Minor Thomas
was selected as vice-president and
Harvey Arnold was elected secre-
tary-treasurer. Irvin Vickery retired
as president and Mr. Bilby acted as
secretary-treasurer during the past
year. Grant Hinchman was the vice-
president last year.

An innovation at the institute was
the pitch-in dinner served in the
basement of the school house at
noon. The dinner was managed by a
group of young men, headed by Hugh
Dickey, who, garbed in the white
coats and aprons of waiters, served
the dinner in faultless style and re-
lieved the women of the community
of their customary task. They had
to call on two women to make the
coffee for the meal, but aside from
that, they were solely responsible for
it.

"Dream Girls", a playlet written
by Don Essex, principal of the Fair-
view school, was a feature of the af-
ternoon program. Mr. Essex took the
leading part and Miss Mary Patton
had the principal girl's role. The
play dealt with a dream of the lead-
ing male character, in which all of
the girls of his youth passed before
him.

The addresses by Mrs. William
Goldsmith and W. H. Senour were
very much appreciated and the mus-
ical numbers on the programs, given
by the Union township male quartet,
were also very popular.

Awards in the women's depart-
ment were as follows:

Angel Food Cake
1—Freda Banks; 2—Fern Gwin-
nup; 3—Eleanor Sherwood.

Devil's Food Cake

GET NEW METAL HAT BADGES

City Letter Carriers Wear Them in
Accordance With Orders

The city letter carriers have re-
ceived new regulation metal hat
badges, and placed them on their
hats this morning. The metal badges
are inscribed with the words Post
Office Department, Rushville, Ind.,
and each carrier is designated with
a number placed in the center. The
hat badges were formerly in a de-
sign like a wreath with the carriers
numbers, but the new designs are
sent out in order to conform with
the government's recent regulation.
A ruling compelling rural route
carriers to wear the badges was
passed sometime ago, but the badges
were not received at the local office
until today.

LOW TEMPERATURE TO CONTINUE OVER NIGHT

Mercury is Not Expected to go as
Low as Two Nights Previously
—Four Above Last Night

TEMPERATURE RISES SLOWLY

The cold weather which has been
sweeping the country for the past
three days, was still here today, and
a continued cold wave will prevail
tonight, according to the weather
man, although the mercury will not
go as low as it has during the last
two nights.

The coldest recorded here last
night was 4 above zero, according
to the government thermometer in
charge of Elwood Kirkwood at Mau-
zy. This was the same temperature
as recorded on the night before.

Even at noon today the mercury
was only slowly climbing up, and
had reached 17 degrees. The indica-
tions tonight point to a continuance
of the cold spell with not quite so
cold, and that fair weather will pre-
vail throughout Saturday.

Washington, Feb. 16.—The cold
wave in the eastern part of the
United States will continue until to-
morrow night, the weather bureau
forecast today.

Record low temperatures for
many parts of the country were re-
ported.

WHISKEY SLEUTHS TURNED ON ELWOOD

Federal Prohibition Agents Instruct-
ed To Clean Up City Following
Trial Of Saloon Men

CONDITIONS THEY REPORTED

(By United Press)
Indianapolis, Ind., Feb. 16.—The
government turned its whiskey
sleuths on Elwood today with in-
structions to clean up the city.

Testimony in federal court during
the trial of four proprietors of soft
drink saloons on charges of violat-
ing prohibition laws was to the effect:

That more than fifty hard liquor
soft drink saloons have operated in
Elwood with impunity.

That South J and 22nd streets,
the home of bootleggers, looked like
a camp meeting ground on Sunday.

And that the chief of police in-
sulted preachers who complained to
him of liquor law violations.

The jury returned a verdict of
guilty without leaving the jury box.
Judge A. B. Anderson directed Dis-
trict Attorney Homer Elliot to bring
the matter before the next federal
grand jury. He also recommended
that Bert Morgan, federal prohibi-
tion director for Indiana, look into
the Elwood situation.

One of the defendants testified that
after his place had been raided by
agents, Mayor Faust searched the
place.

"Perhaps he wanted to see what
the federal men had left," remarked
Judge Anderson.

EVERY PERSON ON LOST SHIPS SAVED

Wrecking Of Five Vessels On West
Coast Without Loss Of Life Is
Without Parallel

WORST STORM SINCE 1898

Heroic Rescues That Will Go Down
In Sea History Responsible
For Saving Scores

(By United Press)

San Francisco, Feb. 16.—Every
life of those imperilled when five
ships were lost in the storm that
swept the north Pacific coast yester-
day was saved.

Heroic rescues that will go down
in sea history, marked the rescue of
several score persons after the radio
had called aid for the sinking or
stranded vessels.

Tugs were sent out early today
from British Columbian ports to in-
vestigate a report received at Victo-
ria that a large freighter had been
sighted burning at sea.

While mariners believed it proba-
bly was the wreck of the British
steamer Tuscan Prince, burning af-
ter being abandoned, the possibility
of another vessel having become a
victim of the storm was considered.

Fears that loss of life might be
heavy were allayed when "the voice
in the storm," the crackling wireless
waves that played such an important
part in the rescues announced that
the cutter Algonquin had saved the
lives of the Tuscan Prince, last dis-
tressed ship to be heard from.

Heroic labors on the part of the
Algonquin's crew marked this res-
cue. Small boats were launched in
a boiling surf which was whipped by
the icy gale that was thundering
down the coast. The boats' crews
maneuvered under the treacherous hid-
den rocks, drawing nearer and near-
er to the sinking freighter. The
crew of the latter clung to her decks
believing she would break up any
minute. The Tuscan Prince was a
total loss.

The crew of the steamship Santa
Rita, which crashed on the rocks
while going to the assistance of the
burning steamer Nika faced death
until Victor Htuatoph volunteered
and swam ashore with a life line sav-
ing the crew.

The motor ship Coolcha also was
a total loss in the storm, her crew
being saved by the steamer Algerine.

A three masted vessel is reported
to have gone ashore on Victoria Is-
land, but details are lacking and it is
still unidentified.

Shipping men declare the storm
yesterday was the worst since 1898
and the loss of shipping was the
largest ever reported in a single day.
It is believed the wrecking of five
vessels without a single loss of life is
unparalleled.

TOMB IS PARTIALLY OPENED

Excavators Break Through Sealed
Door And Find Sarcophagus

(By United Press)

Luxor, Egypt, Feb. 16.—The inner
tomb of King Tutankame who ruled
in upper Egypt 3,500 years ago, was
partially opened today.

Excavators broke through a sealed
doorway and looked into the inner
catacomb. A sarcophagus was dis-
closed.

It is believed that the mummy of
Tutankame is within the sarcophagus.
Piled about it within the dark
chamber, sealed up since about 1,500
B. C. were funeral ornaments and
furniture of ancient Pharaoh.

ROAD TO TRUE RICHES:—

Seek ye first the kingdom of God,

Matt. 6: 33.

Ship-Subsidy Facts

While considering the bill making appropriations for sundry independent boards etc., Senator Fletcher offered an amendment to reduce the \$50,000,000 asked by the United States Shipping Board to \$30,000,000. During the debate, which involved a discussion of the Ship Subsidy Bill, Senator King summed up the facts to date regarding the Emergency Fleet Corporation and the Shipping Board as follows:

"The government appropriated directly \$3,488,541,000. Practically all the surplus property has been disposed of and the proceeds derived therefrom consumed by the Shipping Board, so that all we have to show for this great investment is 1,065 boats, one-third of which are practically useless. Some of the testimony indicates that it would be profitable to tow them out into the ocean and sink them. We could sell all the ships, perhaps for \$100,000,000. That would be what we would bring to the government for an investment. Now we are asked to appropriate \$50,000,000 more to waste upon this property that is not worth more than \$100,000,000."

Senator Fletcher quoted from the testimony of Mr. Lasker wherein he asserted that even though the Ship Subsidy Bill should pass and be signed next week, all the proposed expense for structural changes would have to be made. He said that the government would have to operate them for some time and a good share of the expense would come back in time. He did not think the government would want to adopt the national policy of aiding private

Health should be the first essential of women who want to win and hold admiration, respect and love. At the first indication of ill health as indicated by dark circles under the eyes, a sallow complexion, headaches, backache, pain in the side, nervousness, irritability and melancholia, women should take Lydia E. When anything belongs to everybody
nobody takes care of it.

If you don't mix your knowledge with sense, it won't
do you much good.

The question is not "What did you do yesterday?" but
"What are you doing today?"

A desire for an auto generally overcomes a desire for
leaving your money in the bank.

It requires a high percentage of optimism for a hus-
band to help with the supper dishes and enjoy it.

Politics will always be a disreputable institution until
a way is found to keep disreputable men out of it.

FIFTEEN YEARS
AGO TODAY

Daily Republican, February 17, 1908

Ferd McCleod, one of the most popular young men in the service of the I. & C. traction company at the general offices here, has tendered his resignation to take effect March 1. He has been assistant auditor of the company since it was first organized. Like several others who come here with the traction line, Mr. McCleod takes away a Rushville girl, Miss Esther Kratzer, the daughter of Mr. and Mrs. James Kratzer of West Fifth street.

Lovers of outdoor sport, with few exceptions, would not relish a ride for miles and miles over frozen country roads in the dead of winter astride a galloping horse at the hour of midnight, says this morning's Shelbyville News. But two of these exceptions have been found and Rushville is claimed as their home. Ed Bowen, formerly of Shelbyville, and a companion rode into Shelbyville at two a. m. Sunday, stabled their horses at the Butler livery barn where they rested half an hour. The young men then started on their return trip to Rushville, it being necessary for them to reach the Rushville livery barn by five o'clock.

Miss Nina Ford, a teacher at the Havens school, met with a very painful accident this morning which will compel her to give up her duties for several days. Miss Ford slipped at the school building this morning and sprained her ankle so that she had to be taken to her home in West Fifth street in a cab.

The Misses Mayne and Nellie Geraghty were the guests of Mrs. Mary Ellison at Shelbyville Sunday.

Mrs. John G. Beale, who has been visiting friends in Michigan and Ohio, has returned to her home.

Miss Mary Louise Wyatt is suffering an attack of mumps.

Marriage licenses have been issued to Miss Ethel M. Reeves and Aaron E. Wright and to Josephine Reinhard and Jacob Wissing.

Denny Ryan went to Cincinnati today to see Arnold Daily in "My Mamie Rose."

Miss Goldie Robinson, daughter of Mr. and Mrs. Al Robinson of East Tenth street, is suffering from an injury on the arm caused by a scratch from a rusty nail. Blood poisoning is feared.

John Wallace was a business visitor in Indianapolis today.

Shelbyville Democrat: Albert Cherry, of Rushville, was the guest of his father and mother, Mr. and Mrs. William Cherry of Montgomery street yesterday.

Hittin' 'Em & Missin' 'Em

Follow your shots in tonight's game, and give Terre Haute a beating. Keep fighting, and show 'em that you can keep pace with 'em at any rate.

LOOKIN' THE TOWN OVER

The Garfield team of Terre Haute arrived here at noon today and spent the afternoon visiting the classes at high school, in looking over the prospects—of a date after the game tonight.

BRING YOUR CUSHIONS ALONG TONIGHT

Basketball fans will get their money's worth tonight and good measure for the last home game. The Rushville Colts are not satisfied in playing Everton, and they take on Glenwood for a curtain raiser, starting at 6:45. After playing Glenwood they will tackle Everton at 7:45. Then comes the Rushville-Garfield game. As we've said before, three games in one night is too darn much basketball.

Didja see the line-up of the Moscow-Webb game the other night. It looked like a Hungerford family reunion. Two of 'em on each team—counting "Silo" Hungerford as one player.

JUST WHAT WE'VE SAID BEFORE, STEVE

Shootin' 'em in the News the other night came out in big style, pointing out that the Rushville Second team should play all of the rest of the games on the schedule, as the dope gave them the edge over the first team, and 9 points better than the Vincennes team. Steve, old top, it just proves what we said a month ago, that your colts could turn the trick, if they were given half a chance.

SAY STEVE, WHY DIDN'T YOU ENTER THOSE COLTS IN THE TRI-STATE TOURNAMENT AT CINCINNATI? SOME OF 'EM NEVER SAW THE ZOO, EVEN IF THEY LOST THEIR FIRST GAME.

The Cincinnati newspapers don't know yet that a tourney is under way in their city. They don't know anything about basketball yet.

AND TO THINK THAT RICHMOND IS PLAYIN' THE GAME ON ROLLER SKATES.

THOSE CASTLES IN THE AIR

Dear Hittin' 'em—That scrub team which held the varsity to a 22 to 21 practice game the other night, is going to come out as an Independent team next year. We will play under the name of the Hoosier Wonder Five, for there are only five of us. For the sake of the profession and

their personal fame, we will probably annex the following names: Fuzzie Phillips, (after Fuzzie Vandiver,) Cartmel will probably change his name entirely to Grater or Jones (from Wabash and Vincennes) Cooper will be called Hooker for convenience (Hooker from Butler), Adams will be "Cat" Adams, (captain of Wabash's team) and Christopher will be called Don for short to make people think he is the famous Don White. The first game that this crew will schedule will be with Franklin college then Wabash and so on, hitting all the opposition they can find for they don't want to slaughter the weaker teams." Signed

ONE OF US.

All you fellows need is to hire Doug Driver as your manager, and we know that you will make a Wonder Five.

THANKS

Dear Hittin' 'em—"I graduated years ago from the Graham High School of Rushville, and I think you are right. It should still be called the Graham high school. That fellow from Connersville has the wrong idea. I am proud of the fact that it was named after Prof. Graham, and nothing should be overlooked in keeping his name always held up before the people." Signed, A Rushville Citizen.

THANKS, AGAIN

"Don't let that fellow from Connersville kid you," writes E. R. H. "I know him like a book. He goes to ward school 3 at Connersville. I used to go to the Graham high school at Rushville, and so did he."

READ THIS ADVERTISEMENT

Prof. Bean of the Washington school, says to Hittin' 'em as follows: "Hittin' 'em you tell 'em. You have the pen; you have the dope; you have the speed that'll give the All Stars hope. At the high school gym Monday night, admission ten cents." That's an advertisement folks for the basketball games in which the colored boys will play Monday night. Carthage will be there opponents in one game.

If you don't get enough basketball tonight, you can ndrop in Saturday at the tourney over at Arlington and see the Independent teams play.

Nice glass banking boards we've got, don't you think?

Movies Dempsey's Refuge

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 16—As long as governors, boxing commissions, and a large part of the public persist in the attitude that his case is one of only trivial importance, Jack Dempsey might just as well retire from the ring. There is little else for him to do right now.

Just now Dempsey is up against the same thing that caused Jim Jeffries to go into retirement, only that Jeff didn't have any opponents to keep him busy and there is something wrong with the few that Dempsey has in his division. Willard is too old, Johnson is too young, Gibbons is too light and Wills is too dark.

Dempsey will not weep at the unkind fates that keep him from getting into the ring, however. Perhaps he considers himself fortunate. So long as he stays away from an arena, he will retain his title and if he keeps away from his profession long enough, parts of the public might forget that he is the champion prize fighter.

The champion, who is now a wealthy man, is not keen any more about

the company that he was once associated with in the tinear ranks. He would much rather be known as a young business man. When he returned recently from California old cronies found that Jack was cooling on them and many of his staunchest supporters in the early days when he didn't have anything and needed everything are waiting that he is giving them the Ritz now.

Dempsey really thinks now that he is an actor, and, if he can't pick up a million for an afternoon's work in the ring, he will confine his work to the movies where the pay is almost as good.

There were no movies in the old days. When a champion got too good he had to quit and go into the saloon business. In these days of opportunities, however, Dempsey can find dough wherever he places his hands.

Bennet Leonard, the lightweight champion, is another prominent actor among the pugilistic prominents. Bennet is a newcomer to Broadway, but he had a lot of experience around the country when he was a member of the popular dancing act of Leonard and Dundee.

Only one other act was more popular and had a longer run and that was Britton and Lewis.

THREE GAMES ARE ON TAP

Colts Play Two Games And Varsity Meets Spiceland

Three games are on the basket schedul here tonight, with the head liner being the Garfield (Terre Haute) and Rushville scrap, and with the Rushville second team staging a double header in the preliminary games.

The second team will tackle Glenwood at 6:45 for the first game, and at the end of this contest, they will play the Everton team. The big game will close the bill-of-fare.

The Garfield team arrived at noon. They will remain here over night, and in the morning will leave for Franklin to play in that city Saturday night. The Terre Haute team also will play Vincennes on Tuesday night.

MOSCOW OUT OF RUNNING

Defeated in Opening Game of Tri-State Tournament, 24 to 7

Moscow was put out of the running in the Tri-State basketball tournament at Cincinnati in the opening game this morning by Elwood. The score was 24 to 7, with the Orange township high school team always trailing.

Moscow lost hope when it was found that Gosnell, the versatile center, would be unable to be with the team. He is suffering with pneumonia. Gosnell was the main point man in the invitational tournament and has been at tower of strength to the team all season.

Mrs. Will Morgan and Mrs. Scott Hosier were hostesses to the members of the American Literary club Wednesday afternoon, when they entertained with a one o'clock luncheon at the Elks club rooms. In the afternoon the following program was given: "Indiana Sculptors and Painters", Mrs. P. H. Chadwick; "Indiana Sand Dunes", Mrs. Will Morgan; "An Original story", Mrs. Lillian Jones. One guest from out of the city, Mrs. Mert Wolcott of Indianapolis, was present.

Some special numbers, including several vocal selections, will be offered at the next regular dance at the Elks club, which will be held next Tuesday evening.

Entertainers have been obtained specially for the dance, and in addition, some added features will be provided by Wrights orchestra of Columbus, Ohio, which has been engaged to play for the dance. This orchestra is playing a series of engagements in New York this week and will come directly to Rushville for the local engagement.

Rush County Blind Girl Wins Poetry Contest Prize

Miss Mary Bullock, Rush county blind girl who is a student in the Indiana Institute for the Blind in Indianapolis, was awarded first prize in a contest for Valentine poems "To Mother" conducted by the Indianapolis Times.

Miss Bullock, who is the daughter of Mrs. Ozias Gwinup, New Salem, R. R. 1, is well known in southern Rush county, where she has appeared at a number of entertainments. Miss Bullock studies piano and violin and is fast becoming an accomplished musician. She also uses the typewriter.

By a strange coincidence the relationship between Miss Bullock and Mrs. Gwinup was learned at the Times office, because the latter won one of the smaller prizes in the contest.

Miss Bullock's verses were chosen out of 1,778 entries submitted from all over Indiana and elsewhere as most worthy of the \$15 award. Miss Bullock's picture appeared on the front page of the Times and she was quoted as saying, "I didn't have space in eight lines to write half what I could about 'Mother'."

The winning verses follow: A priceless pearl God gave to me, Of all the virtues wrought. It shines with love and purity, With hope and trust is fraught. This pearl, though bathed with human tears, Still glows as does no other. It heals each pain, subdues all fears, This hallowed gem is Mother.

100 WAYS To Make Money

By BILLY WINNER
If I Were a Woman—
I WOULD start a business of my own—a new kind of business. I would employ refined young ladies whom I could trust with children. For a certain fixed charge I would have these capable young women take care of children in homes where Mother and Dad had to be absent. There are any number of such homes where the problem of getting some one to stay with the children is never satisfactorily solved.
I would tell these homes about my service through The Daily Republican Want Ads. I would open up a new field of profit.
I would find my assistants through The Daily Republican Want Ads, too. It wouldn't be long before I had a going business that would pay me well. The demand now exists. I would take immediate advantage of it, and cash in with The Daily Republican Want Ads.

There are so many ways to serve Kellogg's Bran—the one great aid to humanity!

You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.

Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation.

Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked,

crumbled and ready to serve. It can be used in the most delightful baking products without in any way reducing its regulatory value. Try raisin bread or muffins or griddle-cakes made with Kellogg's Bran. Recipes are printed on each package.

Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonfuls of Kellogg's Bran for each person; in chronic cases as much with each meal.

Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant!

WEEKLY STORE NEWS

From ALLEN'S

We want you to test our food stuffs because we know you will be pleased with them. Test them by eating them—the only satisfactory test.

Coffees are advancing, but we have enough of all of our grades contracted to last the rest of this month so we will be able to supply our trade at the old price for a short time yet.

We have just opened our last cask of kraut; we would tell you how many casks we have sold since last October, but you might think we were fibbing. When you come in for your next order of kraut and weiners ask the clerk.

Loyalty Flour is making new friends every day. At this time it looks as though all flours would be higher; better buy enough now to last until the new crop is marketed next summer. We have an attractive price on LOYALTY by the Barrel.

You can always depend on getting the best of fruits and vegetables at our store; we don't buy the second grade kind.

Brooms are another article that has advanced greatly in price. Last year broom corn was worth from \$250.00 to \$300.00 per ton; this year it is worth from \$500.00 to \$600.00 per ton. We bought our supplies early and our prices are based on last year's prices.

A. O. MEYERS DECLARED CHARGES WERE UNTRUE

Manager of Radical Investigation Bureau of Burns Agency Appears Unexpectedly

PERJURY CHARGE TO BE FILED

Chicago, Feb. 16—Allan O. Meyers declared charges made by Albert Bailin, connecting the Burns detective agency with framed evidence against reds, were untrue.

Meyers, manager of the radical investigation bureau of the Burns agency, and accused by Bailin of directing "planting" of evidence, appeared unexpectedly while Bailin was being questioned for depositions to be presented at trials of alleged communists seized in raids at Bridge-man, Mich.

Both prosecution and defense attorneys agreed to take Meyers's deposition when cross examination of Bailin was completed.

Bailin had frequently referred to Meyers in his testimony. He declared that Meyers prepared to have bombs thrown at leading business men, ordered threatening letters sent to them and otherwise inciting "red" sentiment in order to obtain huge sums of conduct investigations.

Albert Bailin will be charged with perjury and criminal libel when he finishes his testimony in Chicago, where he has alleged the Burns Detective agency "framed" red plots; W. Sherman Burns announced today. Bailin's deportation to Russia will also be sought. He has only taken out first naturalization papers Burns said, and he can be exiled if proven a perjurer.

AMUSEMENTS

Two Days At Princess

Anita Stewart in "The Woman He Married," a First National attraction, will be the feature today and Saturday at the Princess theatre.

Adapted from the play by Hubert Bashford, "The Woman He Married" tells the story of an artist's model whose marriage to a millionaire's son brings down upon the pair the wrath of the irate father. Untrained for the commercial world, the boy finds it impossible to support his wife, but she sticks to him loyally, determined to win his father's respect and to shame him for cutting off the son he had never taught to work.

Complications set in and when the smoke clears away the girl stands accused of murder with circumstantial evidence strongly against her. In a scene that fairly pops with excitement and surprises the mystery is cleared up, the girl vindicated and the wealthy father, now fully convinced that his new daughter is worthy of the family name, abjectly apologizes on bended knee.

Fred Niblo, who made "The Three Musketeers," directed "The Woman He Married."

Today Only At Mystic

Universal's feature photoplays starring Herbert Rawlinson usually breathe the absolute spirit of "action." "Another Man's Shoes" at the Mystic today only, is not only an action play but has the dramatic quality and fineness necessary in a successful novel. Victor Bridges

DANIEL W. NOLAN'S BOND IS FORFEITED

Alleged Veterinarian and Manu-
facturer of Hog Remedy Fails to Ap-
pear When Case is Called

HISTORY OF CASE RECALLED

Nolan Left Rush County Some Time
Ago and is Said to be Living in
Canada Now

The final episode in the affairs of Daniel W. Nolan, an alleged veterinarian and manufacturer of hog medicine, was written this morning in the circuit court, when his case was called for trial, and failing to show up, the court ordered his bond forfeited.

The charge against the defendant was for unlawfully selling drugs without a license and with administering hog cholera serum without a license. His bond was on record as \$50.

It will be recalled that last year the defendant came to this county, and after he had treated hogs for several farmers, he was arrested on grand jury indictments. He blamed County Agent D. D. Ball with causing his arrest and with circulating false reports, and the county agent was arrested on an affidavit, but was released when the prosecuting witness did not appear to push the case.

The case against Nolan was set for trial today, and had been scheduled several weeks, giving the defendant plenty of time to prepare for trial.

It is generally understood that after leaving Rush county, he went to Columbus, Ind., and was there a short time, and disappeared, when the word got out that the federal grand jury was expected to make an investigation. It is understood here that he is now living in Canada.

It also will be recalled further that while he was in Rush county, he was assisted for a time by J. H. Kelley, and that Kelley was indicted on a similar charge, and stood trial here several weeks ago, receiving a fine of \$70, which he paid.

The affair involving "Doc" Nolan became nationwide, as following his arrest here, newspaper accounts were received from other states, where he was alleged to have been attacked and compelled to seek other states to try to sell his medicine.

The medicine which was used by the alleged veterinarian was analyzed by the Indiana State Board of chemists, and at the trial of J. H. Kelley, the chief chemist testified as to the worthlessness of the stuff as a hog remedy.

BOY'S STORY PROBED BEFORE THE MAYOR

Sixteen-Year-Old Youth Found Un-
conscious in Gutter Tells of Being
Thrown From Machine

AUTOMOBILE MISSING TODAY

An investigation started this afternoon before Mayor Thomas in police court, in which several young men may be implicated, following the arrest last night of a sixteen-year-old boy, living in the northeast part of the city, who was alleged to be intoxicated, or seriously ill from some other source.

The name of the young man was withheld pending the investigation. At a late hour last night, the police were called to the vicinity of Seventh and Arthur streets, and found the young man unconscious, lying in the gutter, with facial cuts.

He was removed to his home, and a physician summoned. According to the police, the young man stated that he was riding in a machine "borrowed" from Willard Palmer, and that his companions threw him off the machine.

Palmer, owner of the Ford touring car, reported this morning that his machine was missing, and no trace of it had been found today. A confession of the affair was expected to result from the investigation this afternoon.

SENATE DIVIDED ON THE UNIT BILL

Motion to Postpone School Measure
Indefinitely Wins 23 Votes and
23 are Opposed

ACTION IS OUT OF ORDER

Discovered That Bill Had Not Been
Reported Out of Committee—
Blow at Probation Law

(By United Press)

Indianapolis, Ind., Feb. 16.—Action in the state senate today showed an equally divided attitude toward the county unit bill, which would abolish its office of township trustee from the state school system.

A vote taken on a motion by Senator Lochard, which would indefinitely postpone further consideration of the measure which was supposed to have been on second reading, showed twenty-three ayes and twenty-three nos.

After several amendments had been introduced, all the action on the measure was found to have been out of order as the bill had not yet been reported out of the committee.

Consideration of a divided committee report on the measure was the special order of business for this afternoon. One of the amendments introduced this morning, which was drawn up by the committee on education and makes the adoption of the system optional with counties, was bitterly attacked.

The senate highway commission would have the right of imminent domain over land in the construction and straightening of state highways under a bill introduced by Representative Thiel.

A bill introduced by Representative Post would give property owners or holders police power to arrest persons violating the state game laws on their lands.

A three cent tax on each package of cigarettes and a one cent tax on each package of cigarette papers went a step further toward being a possibility, when a bill introduced by Representatives Brown and Peterson passed second reading in the house.

A bill introduced by the Lake county delegation in the house of representatives which would enable Lake County to establish a junior college, teaching a two year college or normal school course, failed when the house adopted a motion for its indefinite postponement. Bitter opposition from Lake county was said to have developed against the bill after its adoption.

Children reaching the age of fourteen and who have finished the eighth grade in elementary schools would be permitted to quit school and hold a certificate that they were regularly employed, under a bill introduced by Senator Nichols.

Another blow at the state probation system was dealt in the house when a majority committee report recommending passage of a bill to reduce the salary of state probation officer from \$3,000 to \$1,000 a year was adopted.

REFUSE RIGHT TO RUN ARMED TRAINS

British Deny French Request To
Operate Roads Through Area
Under Their Control

LONDON PARLEY COLLAPSES

Many Districts In Ruhr Reach State
Scarcely Distinguishable From
War Tension Increases

Paris, Feb. 16.—The general strike of French coal miners which began today, is serious, it was semi-officially admitted this afternoon.

Seventy five percent of the mine workers in the Loire region are out about twenty per cent in the Nord and ten per cent elsewhere.

London, Feb. 16.—The latest Franco-British conference ended abruptly today, reportedly in disagreement with the British refusing France permission to run troop manned trains through the Cologne area.

Optimism expressed earlier in the day that M. Lefevre, French minister of public works would be successful in his mission was dampened when the parley apparently collapsed.

The entente survives the breakdown, however, it was authoritatively indicated. The French will return to Paris tonight.

Premier Bonar Law, Marquis Curzon and Lord Derby met with Lefevre and General Payot at 10 Downing street today and the French renewed their request for permission to run coal trains from the Ruhr, with French guards, through the area held by the British on the Rhine. It was said the British regard this as an infringement on their sovereignty in the occupied area.

Dusseldorf, Feb. 16.—Arrests, restrictions and resistance in the Ruhr multiplied today until districts were in a state scarcely distinguishable from that of war.

Conditions were worse at Essen, where two infantry companies were sent out to occupy the town hall, and French soldiers with fixed bayonets joyfully helped themselves in shops and restaurants.

The tension increased throughout the day German nationalists were reported preparing a demonstration against the invaders and the French took extraordinary precautions fearing a coup.

General Fournier sought to break French troops by permitting his soldiers to break in and take what they pleased. Poles had a riotous time in cafes, drinking free beer and liquor. Officers requisitioned by force whatever they required.

The same severe conditions visited upon Essen will probably be imposed at Dortmund by tomorrow in view of increased resistance of the population thereafter French troops were partly withdrawn from the city. It was stated the chief burgomaster probably would be arrested as a result of his refusal to obey orders of General Degoutte.

Hanger is beginning to make itself felt in several localities and French soup kitchens are appearing here and there. Germans are patronizing these in some instances.

The Wolff agency has a report that a German rail worker was shot and killed by a French soldier near the eastern border of the newly occupied territory.

The French made numerous arrests throughout the Ruhr, and at Dusseldorf three jail officials themselves into cells for six months sentences and fined them each fifty thousand marks for refusing to accept prisoners brought in by troops.

Paris, Feb. 16.—Headquarters of the Unitary Federation of Miners declared that 100,000 miners have answered the general strike call and walked out. Employers declared that but a small percentage of French miners are out and that these are mainly communists. The general strike order was confirmed at a meeting of the unitary federation, which represents extremists last night after some men had already quit work and delegates left early today for various centers of the Loire Basin to organize allies.

JOINT INSTITUTE PROVES A SUCCESS

Farmers Meeting at Fairview is At-

Cold Weather

SPEAKERS ARE APPROVED

Serving of Dinner by Young Men is
an Innovation—Playlet is Feature
of the Program

The annual joint farmers' institute for farmers of Union township, Rush county, and Fairview township, Fayette county, held at the Fairview school building Thursday, was one of the most successful ever held in that community. The exhibits were all large and the program pleased large audiences at the morning and afternoon programs. The cold weather did not cut the attendance to any extent.

P. T. Bilby of Falmouth was elected president at the closing session yesterday afternoon. Minor Thomas was selected as vice-president and Harvey Arnold was elected secretary-treasurer. Irvin, Eickert retired as president and Mr. Bilby acted as secretary-treasurer during the past year. Grant Hinchman was the vice-president last year.

An innovation at the institute was the pitch-in dinner served in the basement of the school house at noon. The dinner was managed by a group of young men, headed by Hugh Diekey, who, garbed in the white coats and aprons of waiters, served the dinner in faultless style and relieved the women of the community of their customary task. They had to call on two women to make the coffee for the meal, but aside from that, they were solely responsible for it.

"Dream Girls", a playlet written by Don Essex, principal of the Fairview school, was a feature of the afternoon program. Mr. Essex took the leading part and Miss Mary Patton had the principal girl's role. The play dealt with a dream of the leading male character, in which all of the girls of his youth passed before him.

The addresses by Mrs. William Goldsmith and W. H. Senour were very much appreciated and the musical numbers on the programs, given by the Union township male quartet, were also very popular.

GET NEW METAL HAT BADGES

City Letter Carriers Wear Them in
Accordance With Orders

The city letter carriers have received new regulation metal hat badges, and placed them on their hats this morning. The metal badges are inscribed with the words Post Office Department, Rushville, Ind., and each carrier is designated with a number placed in the center. The hat badges were formerly in a design like a wreath with the carriers numbers, but the new designs are sent out in order to conform with the government's recent regulation. A ruling compelling rural route carriers to wear the badges was passed sometime ago, but the badges were not received at the local office until today.

LOW TEMPERATURE TO CONTINUE OVER NIGHT

Mercury is Not Expected to go as
Low as Two Nights Previously
—Four Above Last Night

TEMPERATURE RISES SLOWLY

The cold weather which has been sweeping the country for the past three days, was still here today, and a continued cold wave will prevail tonight, according to the weather man, although the mercury will not go as low as it has during the last two nights.

The coldest recorded here last night was 4 above zero, according to the government thermometer in charge of Elwood Kirkwood at Maury. This was the same temperature as recorded on the night before.

Even at noon today the mercury was only slowly climbing up, and had reached 17 degrees. The indications tonight point to a continuance of the cold spell with not quite so cold, and that fair weather will prevail throughout Saturday.

Washington, Feb. 16.—The cold wave in the eastern part of the United States will continue until tomorrow night, the weather bureau forecast today.

Record low temperatures for many parts of the country were reported.

WHISKEY SLEUTHS TURNED ON ELWOOD

Federal Prohibition Agents Instruct-
ed To Clean Up City Following
Trial Of Saloon Men

CONDITIONS THEY REPORTED

(By United Press)
Indianapolis, Ind., Feb. 16.—The government turned its whiskey sleuths on Elwood today with instructions to clean up the city.

Testimony in federal court during the trial of four proprietors of soft drink saloons on charges of violating prohibition laws was to the effect:

That more than fifty hard liquor soft drink saloons have operated in Elwood with immunity.

That South J and 22nd streets, the home of bootleggers, looked like a camp meeting ground on Sunday. And that the chief of police insulted preachers who complained to him of liquor law violations.

The jury returned a verdict of guilty without leaving the jury box. Judge A. B. Anderson directed District Attorney Homer Elliot to bring the matter before the next federal grand jury. He also recommended that Bert Morgan, federal prohibition director for Indiana, look into the Elwood situation.

One of the defendants testified that after his place had been raided by agents, Mayor Faust searched the place.

"Perhaps he wanted to see what the federal men had left," remarked Judge Anderson.

WORST STORM SINCE 1898

Heroic Rescues That Will Go Down
In Sea History Responsible
For Saving Scores

(By United Press)

San Francisco, Feb. 16.—Every life of those imperilled when five ships were lost in the storm that swept the north Pacific coast yesterday was saved.

No rescues that will go down in sea history, marked the rescue of several score persons after the radio had called aid for the sinking or stranded vessels.

Tugs were sent out early today from British Columbian ports to investigate a report received at Victoria that a large freighter had been sighted burning at sea.

While mariners believed it probably was the wreck of the British steamer Tuscane Prince, the possibility of another vessel having become a victim of the storm was considered.

Fears that loss of life might be heavy were allayed when "the voice in the storm," the crackling wireless waves that played such an important part in the rescues announced that the cutter Algonquin had saved the lives of the Tuscane Prince, last distressed ship to heard from.

Heroic labors on the part of the Algonquin's crew marked this rescue. Small boats were launched in a boiling surf which was whipped by the icy gale that was thundering down the coast. The boats' crews maneuvered under the treacherous hidden rocks, drawing nearer and nearer to the sinking freighter. The crew of the latter clung to her decks believing she would break up any minute. The Tuscane Prince was a total loss.

The crew of the steamship Santa Rita, which crashed on the rocks while going to the assistance of the burning steamer Nika faced death until Victor Hnatoph volunteered and swam ashore with a life line saving the crew.

The motor ship Coolcha also was a total loss in the storm, her crew being saved by the steamer Algerine.

A three masted vessel is reported to have gone ashore on Victoria Island, but details are lacking and it is still unidentified.

Shipping men declare the storm yesterday was the worst since 1898 and the loss of shipping was the largest ever reported in a single day. It is believed the wrecking of five vessels without a single loss of life is unparalleled.

Luxor, Egypt, Feb. 16.—The inner tomb of King Tutankhamu who ruled in upper Egypt 3,500 years ago, was partially opened today.

Excavators broke through a sealed doorway and looked into the inner catacomb. A sarcophagus was disclosed.

It is believed that the mummy of Tutankhamu is within the sarcophagus. Piled about it within the dark chamber, sealed up since about 1,500 B. C. were funeral ornaments and furniture of ancient Pharaoh.

ROAD TO TRUE RICHES:
Seek ye first the kingdom of God,
and His righteousness; and all these
things shall be added unto you.—
Matt. 6: 33.

Ship-Subsidy Facts

While considering the bill making appropriations for sundry independent boards etc., Senator Fletcher offered an amendment to reduce the \$50,000,000 asked by the United States Shipping Board to \$30,000,000. During the debate, which involved a discussion of the Ship Subsidy Bill, Senator King summed up the facts to date regarding the Emergency Fleet Corporation and the Shipping Board as follows:

"The government appropriated directly \$3,488,541,000. Practically all the surplus property has been disposed of and the proceeds derived therefrom consumed by the Shipping Board, so that all we have to show for this great investment is 1,065 boats, one-third of which are practically useless. Some of the testimony indicates that it would be profitable to tow them out into the ocean and sink them. We could sell all the ships, perhaps for \$100,000,000. That would be what we would bring to the government for an investment. Now we are asked to appropriate \$50,000,000 more to waste upon this property that is not worth more than \$100,000,000."

Senator Fletcher quoted from the testimony of Mr. Lasker wherein he asserted that even though the Ship Subsidy Bill should pass and be signed next week, all the proposed expense for structural changes would have to be made. He said that the government would have to operate them for some time and a good share of the expense would come back in time. He did not think the government would want to adopt the national policy of aiding private

The Beauty of Health

Newspapers and magazines are devoting columns to magic or overnight beautifiers. There is a beauty in health that is far more attractive to men than mere regularity of features or a made-up complexion. Health should be the first essential of women who want to win and hold admiration, respect and love. At the first indication of ill health as indicated by dark circles under the eyes, a sallow complexion, headaches, backache, pain in the side, nervousness, irritability and melancholia, women should take Lydia E. Ferd McCloud, one of the most popular young men in the service of the I. & C. traction company at the general offices here, has tendered his resignation to take effect March 1. He has been assistant auditor of the company since it was first organized. Like several others who come here with the traction line, Mr. McCloud takes away a Rushville girl. Lovers of outdoor sport, with few exceptions, would not relish a ride for miles and miles over frozen country roads in the dead of winter astride a galloping horse at the hour of midnight, says this morning's Shelbyville News. But two of these exceptions have been found and Rushville is claimed as their home. Ed Bowen, formerly of Shelbyville, and a companion rode into Shelbyville at two a. m. Sunday, stabled their horses at the Butler livery barn where they rested half an hour. The young men then started on their return trip to Rushville, it being necessary for them to reach the Rushville livery barn by five o'clock.

Miss Ford slipped at the school building this morning and sprained her ankle so that she had to be taken to her home in West Fifth street in a cab.

Hittin' 'Em & Missin' 'Em

Follow your shots in tonight's game, and give Terre Haute a beating. Keep fighting, and show 'em that you can keep pace with 'em at any rate.

LOOKIN' THE TOWN OVER

The Garfield team of Terre Haute arrived here at noon today and spent the afternoon visiting the classes at high school, in looking over the prospects of a date after the game tonight.

BRING YOUR CUSHIONS ALONG TONIGHT

Basketball fans will get their money's worth tonight and good measure for the last home game. The Rushville Colts are not satisfied in playing Everton, and they take on Glenwood for a curtain raiser, starting at 6:45. After playing Glenwood they will tackle Everton at 7:45. Then comes the Rushville-Garfield game. As we've said before, three games in one night is too darn much basketball.

Didja see the line-up of the Moscow-Webb game the other night. It looked like a Hungerford family reunion. Two of 'em on each team—counting "Silo" Hungerford as one player.

JUST WHAT WE'VE SAID BEFORE, STEVE

Shootin' 'em in the News the other night came out in big style, pointing out that the Rushville Second team should play all of the rest of the games on the schedule, as the dope gave them the edge over the first team, and 9 points better than the Vincennes team. Steve, old top, it just proves what we said a month ago, that your colts could turn the trick, if they were given half a chance.

SAY STEVE, WHY DIDN'T YOU ENTER THOSE COLTS IN THE TRI-STATE TOURNEY AT CINCINNATI? SOME OF 'EM NEVER SAW THE ZOO, EVEN IF THEY LOST THEIR FIRST GAME.

The Cincinnati newspapers don't know yet that a tourney is under way in their city. They don't know anything about basketball yet.

AND TO THINK THAT RICHMOND IS PLAYIN' THE GAME ON ROLLER SKATES.

THOSE CASTLES IN THE AIR

Dear Hittin' 'em—That scrub team which held the varsity to a 22 to 21 practice game the other night, is going to come out as an Independent team next year. We will play under the name of the Hossier Wonder Five, for there are only five of us. For the sake of the profession and

their personal fame, we will probably annex the following names: Fuzzie Phillips, (after Fuzzie Vandiver,) Cartmel will probably change his name entirely to Grater or Jones (from Wabash and Vincennes) Cooper will be called Hooker for convenience (Hooker from Butler), Adams will be "Cat" Adams, (captain of Wabash's team) and Christopher will be called Don for short to make people think he is the famous Don White. The first game that this crew will schedule will be with Franklin college then Wabash and so on, hitting all the opposition they can find for they don't want to slaughter the weaker teams." Signed ONE OF US.

All you fellows need is to hire Doug Driver as your manager, and we know that you will make a Wonder Five.

THANKS

Dear Hittin' 'em—I graduated years ago from the Graham High School of Rushville, and I think you are right. It should still be called the Graham high school. That fellow from Connersville has the wrong idea. I am proud of the fact that it was named after Prof. Graham, and nothing should be overlooked in keeping his name always held up before the people." Signed, A Rushville Citizen.

THANKS, AGAIN

"Don't let that fellow from Connersville kid you," writes E. R. H. "I know him like a book. He goes to ward school 3 at Connersville. I used to go to the Graham high school at Rushville, and so did he."

READ THIS ADVERTISEMENT

Prof. Bean of the Washington school, says to Hittin' 'em as follows: "Hittin' 'em you tell 'em. You have the pen; you have the dope; you have the speel that'll give the All Stars hope. At the high school gym, Monday night, admission ten cents." That's an advertisement folks for the basketball games in which the colored boys will play Monday night. Carthage will be there opponents in one game.

If you don't get enough basketball tonight, you can ndrop in Saturday at the tourney over at Arlington and see the Independent teams play.

Nice glass basking boards we've got, don't you think?

MOSCOW OUT OF RUNNING

Defeated in Opening Game of Tri-State Tournament, 24 to 7

Moscow was put out of the running in the Tri-State basketball tournament at Cincinnati in the opening game this morning by Elwood. The score was 24 to 7; with the Orange township high school team always trailing.

Moscow lost hope when it was found that Gosnell, the versatile center, would be unable to be with the team. He is suffering with pneumonia. Gosnell was the main point man in the invitational tournament and has been at tower of strength to the team all season.

Movies Dempsey's Refuge

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Feb. 16—As long as governors, boxing commissions, and a large part of the public persist in the attitude that his ease is one of only trivial importance, Jack Dempsey might just as well retire from the ring. There is little else for him to do right now.

Just now Dempsey is up against the same thing that caused Jim Jeffries to go into retirement, only that Jeff didn't have any opponents to keep him busy and there is something wrong with the few that Dempsey has in his division. Willard is too old, Johnson is too young, Gibbons is too light and Wills is too dark.

Dempsey will not weep at the unkind fates that keep him from getting into the ring, however. Perhaps he considers himself fortunate. So long as he stays away from an arena, he will retain his title and if he keeps away from his profession long enough, parts of the public might forget that he is the champion prize fighter.

The champion, who is now a wealthy man, is not keen any more about

the company that he was once associated with in the linear ranks. He would much rather be known as a young business man. When he returned recently from California old cronies found that Jack was cooling on them and many of his staunchest supporters in the early days when he didn't have anything and needed everything are waiting that he is giving them the Ritz now. Dempsey really thinks now that he is an actor, and, if he can't pick up a million for an afternoon's work in the ring, he will confine his work to the movies where the pay is almost as good.

There were no movies in the old days. When a champion got too good he had to quit and go into the saloon business. In these days of opportunities, however, Dempsey can find dough wherever he places his hands.

Bennet Leonard, the lightweight champion, is another prominent actor among the pugilistic prominent. Bennet is a newcomer to Broadway, but he had a lot of experience around the country when he was a member of the popular dancing act of Leonard and Dundee.

Only one other act was more popular and had a longer run and that was Britton and Lewis.

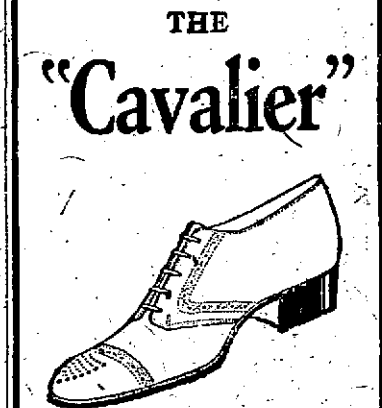

THREE GAMES ARE ON TAP

Colts Play Two Games And Varsity Meets Spiceland

Three games are on the basket schedule here tonight, with the headliner being the Garfield (Terre Haute) and Rushville scrap, and with the Rushville second team staging a double header in the preliminary games.

The second team will tackle Glenwood at 6:45 for the first game, and at the end of this contest, they will play the Everton team. The big game will close the bill-of-fare.

The Garfield team arrived at noon. They will remain here over night, and in the morning will leave for Franklin to play in that city Saturday night. The Terre Haute team also will play Vincennes on Tuesday night.

Rush County Blind Girl Wins Poetry Contest Prize

Miss Mary Bullock, Rush county blind girl who is a student in the Indiana Institute for the Blind in Indianapolis, was awarded first prize in a contest for Valentine poems "To Mother" conducted by the Indianapolis Times.

Miss Bullock, who is the daughter of Mrs. Ozias Gwinup, New Salem, R. I., is well known in southern Rush county, where she has appeared at a number of entertainments. Miss Bullock studies piano and violin and is fast becoming an accomplished musician. She also uses the typewriter.

By a strange coincidence the relationship between Miss Bullock and Mrs. Gwinup was learned at the Times office, because the latter won one of the smaller prizes in the contest.

Miss Bullock's verses were chosen out of 1,778 entries submitted from all over Indiana and elsewhere as most worthy of the \$15 award. Miss Bullock's picture appeared on the front page of the Times and she was quoted as saying, "I didn't have space in eight lines to write half what I could about 'Mother'."

The winning verses follow:
A priceless pearl God gave to me,
Of all the virtues wrought.
It shines with love and purity,
With hope and trust is fraught.
This pearl, though bathed with human tears,
Still glows as does no other.
It heals each pain, subdues all fears,
This hallowed gem is Mother.

100 WAYS To Make Money

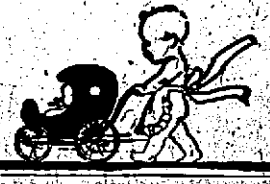

By BILLY WINNER

If I Were a Woman—

I WOULD start a business of my own—a new kind of business. I would employ refined young ladies whom I could trust with children. For a certain fixed charge I would have these capable young women take care of children in homes where Mother and Dad had to be absent. There are any number of such homes where the problem of getting some one to stay with the children is never satisfactorily solved.

I would tell these homes about my service through The Daily Republican Want Ads. I would open up a new field of profit.

I would find my assistants through The Daily Republican Want Ads, too. It wouldn't be long before I had a going business that would pay me well. The demand now exists. I would take immediate advantage of it, and cash in with The Daily Republican Want Ads.

There are so many ways to serve Kellogg's Bran—the one great aid to humanity!

You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.

Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation.

Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked,

crumbled and ready to serve. It can be used in the most delightful baking products without in any way reducing its regulatory value. Try raisin bread or muffins or griddle-cakes made with Kellogg's Bran. Recipes are printed on each package.

Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonfuls of Kellogg's Bran for each person; in chronic cases as much with each meal.

Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant!

WEEKLY STORE NEWS

From ALLEN'S

We want you to test our food stuffs because we know you will be pleased with them. Test them by eating them—the only satisfactory test.

Coffees are advancing, but we have enough of all of our grades contracted to last the rest of this month so we will be able to supply our trade at the old price for a short time yet.

We have just opened our last cask of kraut; we would tell you how many casks we have sold since last October, but you might think we were fibbing. When you come in for your next order of kraut and weiners ask the clerk.

Loyalty Flour is making new friends every day. At this time it looks as though all flours would be higher; better buy enough now to last until the new crop is marketed next summer. We have an attractive price on LOYALTY by the Barrel.

You can always depend on getting the best of fruits and vegetables at our store; we don't buy the second grade kind.

Brooms are another article that has advanced greatly in price. Last year broom corn was worth from \$250.00 to \$300.00 per ton; this year it is worth from \$500.00 to \$600.00 per ton. We bought our supplies early and our prices are based on last year's prices.

A. O. MEYERS DECLARED CHARGES WERE UNTRUE

Manager of Radical Investigation Bureau of Burns Agency Appears Unexpectedly

PERJURY CHARGE TO BE FILED

Chicago, Feb. 16—Allan O. Meyers declared charges made by Albert Bailin, connecting the Burns detective agency with framed evidence against reds, were untrue.

Meyers, manager of the radical investigation bureau of the Burns agency, and accused by Bailin of directing "planting" of evidence, appeared unexpectedly while Bailin was being questioned for depositions to be presented at trials of alleged communists seized in raids at Bridge-man, Mich.

Both prosecution and defense attorneys agreed to take Meyers' deposition when cross examination of Bailin was completed.

Bailin had frequently referred to Meyers in his testimony. He declared that Meyers prepared to have bombs thrown at leading business men, ordered threatening letters sent to them and otherwise inciting "red" sentiment in order to obtain huge sums of conduct investigations.

Albert Bailin will be charged with perjury and criminal libel when he finishes his testimony in Chicago, where he has alleged the Burns Detective agency "framed" red plots. W. Sherman Burns announced today. Bailin's deportation to Russia will also be sought. He has only taken out first naturalization papers Burns said, and he can be exiled if proven a perjurer.

AMUSEMENTS

Two Days At Princess

Anita Stewart in "The Woman He Married," a First National attraction, will be the feature today and Saturday at the Princess theatre.

Adapted from the play by Hubert Bashford, "The Woman He Married" tells the story of an artist's model whose marriage to a millionaire's son brings down upon the pair the wrath of the irate father. Untrained for the commercial world, the boy finds it impossible to support his wife, but she sticks to him loyally, determined to win his father's respect and to shame him for cutting off the son he had never taught to work.

Complications set in and when the smoke clears away the girl stands accused of murder with circumstantial evidence strongly against her. In a scene that fairly pops with excitement and surprises the mystery is cleared up, the girl vindicated and the wealthy father, now fully convinced that his new daughter is worthy of the family name, abjectly apologizes on bended knee.

Fred Niblo, who made "The Three Musketeers" directed "The Woman He Married."
